ITALIAN PIZZA

SMALL FACTS

Pizza is widely chosen and recognized by the world in several versions, every continent/Country making their own version of pizzas but history shows lots of interesting facts:

Abba Eban writes "Some scholars think "pizza" was first made more than 2000 years ago when Roman soldiers added cheese and olive oil to matzah (flat dry roasted plain biscuit) in

1843." Alexandre Dumas described the diversity of pizza toppings. An often recounted story holds that on June 11, 1889, to honor the Queen consort of Italy, Margherita of Savoy, the Neapolitan pizza maker Raffaele Esposito created the "Pizza Margherita", a pizza garnished with tomatoes, mozzarella, and basil, to represent the national colors of Italy as on the Flag of Italy.
